Rupesh Mahajan – Resume

Software Engineer | Quality Engineering | Event-Driven Systems • CI/CD

Pune, India | +91-9300171175 | rupeshmahajan516@gmail.com | linkedin.com/in/rupesh6847 | github.com/rupesh68

Profile Summary

Software engineer with 2+ years of experience building scalable, API-driven applications in Agile teams, with a focus on code quality, automation and reliable delivery. Hands-on with REST APIs, event-driven real-time features, SQL and NoSQL databases, Docker and Git-based CI/CD workflows. Built internal automation tools that removed manual work. MCA graduate and published researcher, keen to apply engineering and quality practices to large-scale transaction platforms.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, SQL, Java (core, learning)
- **Backend & APIs:** Node.js, Express.js, REST APIs, HTTPS, Socket.IO (event-driven), Spring Boot (learning)
- **Databases:** MySQL, PostgreSQL, SQLite
- **DevOps & Cloud:** Git, GitHub, CI/CD deployments, Docker, AWS (S3, EC2), Vercel
- **Frontend:** React.js, Next.js, Redux Toolkit, Tailwind CSS
- **Practices:** Agile / Scrum, requirement analysis, workflow automation

Work Experience

Full Stack Developer | Revvknew Technologies Pvt. Ltd., Pune, MH | Jul 2024 – Present

- Led end-to-end delivery of complex projects in Agile, from requirement analysis to release, using GitHub and JIRA.
- Built event-driven real-time notifications and analytics with Socket.IO for campaign and lead monitoring.
- Developed REST APIs and database-backed services (MySQL, PostgreSQL) for an Electron desktop dashboard and SSR Next.js applications.
- Automated internal workflows with a Next.js template generator and a secure Dropbox file management system.
- Ensured quality through code reviews, debugging and API/functional testing; deployed with Docker, AWS and Vercel.

Projects

FileVerse | Full Stack Developer

- Developed a cloud-based file management system for secure file upload, organization and sharing.
- Implemented secure authentication with Clerk, including OTP signup and Zod schema validation for robust input handling.
- Integrated Neon (PostgreSQL) with Drizzle ORM for efficient, type-safe data access.

Education

- **Master of Computer Application**, Medi-Caps University, Indore | CGPA 7.2/10 | 2021 – 2023
- **Bachelor of Computer Application**, BIMTS College, Burhanpur | Aggregate 62% | 2018 – 2021

Academic Achievements

- Published a research paper, “React JS over Angular JS” (Jun 2022 – May 2023).
- Completed a Frontend Development internship with a certificate of completion (Jan 2023 – May 2023).
